

# Survivorship Series for Young Women Affected by Breast Cancer

As a young woman with breast cancer, you have unique needs and questions. **The Survivorship Series for Young Women Affected by Breast Cancer** will provide answers and resources on some of the most common concerns for young women diagnosed with breast cancer before the age of 45. Topics include sex and intimacy, early menopause, the late effects of treatment and genetic and cancer risks after breast cancer.

Program Leader:  
Shairna Bluesteen, RN, BSN, OCN  
Oncology Nurse Navigator  
703-391-4575

Presented by:
